Profile

I am a computer engineer, fresh out of university with a passion for coding, problem-solving, and learning new technologies. I am excited to apply my skills and knowledge to real-world projects and contribute to the field of computer engineering.

Professional Experience

Intern
06/2022 – 07/2022 | Ahemdabad, India

- I did my internship in Solution Analyst from 27th June to 27th July, 2022 During my 7th semester internship program.Where I received a training in important web development framework AngularJS and also made small projects like todo list, tic toc toe game, fully validated form in the last week of internship
- After the internship I learned another framework by myself which is ReactJs And in which I also made my 8th semester project Which was on an ecommerce website.
